MEMORANDUM FOR THE DEPUTY DIRECTOR FOR CENTRAL INTELLIGENCE

Subj: Special Navy Research and Development Study

1. Dr. Daniel Schutzer, my Technical Director, has begun a study to determine our best options for a 5 to 10 year R&D investment strategy and development plan for all of the ONI's intelligence programs. Obviously, our study must be responsive to, and consonant with your Intelligence Capabilities Study. To that end, it would be useful for Dan Schutzer to have a CIA point of contact - or perhaps even two (maybe one in Les Dirks' office and the other in [redacted] organization). If you agree, I would appreciate your personal views/recommendations as to who the contact(s) should be.

STAT

Very respectfully,

A handwritten signature in cursive script, appearing to read "S. Shapiro", is written over the typed name.
